

Artizano Limited

Price List 2023

Artizano's exclusive range of Italian hand-painted stone table tops gives you the opportunity to own a unique and stylish piece of furniture. As well as being beautiful pieces of furniture the tables are also extremely practical:

- unlike other stone such as marble they are non-porous and will not stain
- they are frost resistant and can be left outside, uncovered all year round
- they are impervious to UV light so the design will not fade
- they are heat resistant so that dishes can be taken straight from the hottest oven and put onto the surface with no risk of scorching or burning
- they do not require any special cleaning agents

1. The table tops are priced according to their shape, size and design.
2. The price list show the most commonly requested shapes and sizes, but many other sizes are available. Therefore, if you do not see what you are looking for, please ask and we will be happy to provide you with an individual quotation. There are also many other designs available, and you can even have your own design created exclusively for you. More information on designs is also available on our website **www.artizano.co.uk**.
3. All items are made to order not held in stock. The lead-time depends on the size of table top that you choose and the complexity of the design involved, but on average is 8 weeks. In the summer this can extend to 12 – 14 weeks. Each table is signed by the artist who painted it.
4. Artizano provide a comprehensive range of table bases. We can also offer a bespoke hand-crafted blacksmith service, or, if you wish, you can source your own base.
5. All prices do not include delivery. This is because until we know what size of table you require and where it is going we cannot give an accurate cost.
6. If you wish to visit our showroom below please contact us in advance to make sure that someone will be available when you wish to visit.

Frequently Asked Questions

Are the tables frost resistant? Yes, they can be left outside all year round and do not even need to be covered up during the winter months.

How do I clean the tables? Simply use hot water, a cloth and a typical household cleaning cream.

What happens if I spill something onto the surface? No problem, leave it as long as you like. These ceramic tables have a sealed surface and are not porous so just wipe the stain off whenever it is convenient.

Do they fade in sunlight? No, not at all.

What size do I need? We normally advise that you allow 60cm per person and calculate your table size depending on how many people you normally want to be able to seat. Our recommendations are the following:

Number of people	Round or square	Rectangle or Oval
4	90cm or 100cm	120cm x 70cm
6	120cm or 130cm	180cm x 90cm
8	150cm or 160cm	200cm x 100cm
10	200cm	250cm x 100cm

We are very happy to give any advice on size that you require.

Do I need to use protective mats when eating? No. The tables are fired in a kiln for 24 hours at 1,000 degrees centigrade – 4 times the temperature of your kitchen oven – so you can put anything hot direct on to the surface of your table..

Are the tables heavy? They are made out of solid volcanic stone typically 3cm thick. A 100cm round table for example weighs 55kg.

Where can I see them? We have a showroom in Kent, and are happy to see customers at any time by appointment. Please ring us to make an appointment for your visit. We are also happy to visit customers in the UK at their own homes with some of the smaller tables that we have here on display.

What is the lead time from when I order? This is typically around 8 weeks, but during the busy summer months can rise to 12 – 14 weeks.

Do you hold tables in stock? No, as all tables are individually made to order by our craftsmen in Deruta.

You can provide custom designs? Yes, we can. Visit the Bespoke section on our website to see what we have offered to other customers and contact us to discuss your own requirements.

What sizes do you offer? In addition to the standard sizes shown on our price list, you can literally have whatever you want.

Can you deliver overseas? Yes, we can arrange deliveries all around the world. To date we have delivered to customers in the USA, the Caribbean, Australia, New Zealand, France, Germany, Portugal, Ireland, Denmark and the Netherlands. Once we know what size of table you would like to purchase we can notify you of what the delivery cost will be.

What does transport cost ? This will depend on the size and weight of the table you have chosen and your location. We will be happy to provide you with a complete quotation on request.
